

2020 VISION

Volume 01December 9, 2018

What Do Visitors See?

We are calling it **20/20 Vision**. That's the year for which we are preparing: 2020. We have exciting things happening in our church right now. And who knows what God has planned between now and 2020. It is always exciting to think about what God may do while we are preparing.

But 20/20 vision is also what our newcomers have when they walk into our facilities, our worship and our fellowship. They see what we don't. They have 20/20 vision as they come among us.

They notice how we sing and make melody to the Lord. They notice how well we care for our surroundings. They notice how carefully we teach the word of God. They notice how much we seem to care whether they came to worship with us. "Do they love God; do they love us?"

So, this 20/20 Vision is vital for our growth into the future. God this church purposes. a ministry for your help, *"Treat it as if God is personally asking you."* has put you in family for His When Stan or leader asks please treat it as if God is personally asking for your time and energy. That's most likely how He'll ask!

Thank you in advance for helping us glorify God in this way. I am looking forward to seeing the growth that He gives us.

Phil

YOU plus ME = THREE!

It may be bad math but it's a proven principle that a team working together creates enthusiasm and energy, producing a combined effect greater than the sum of separate efforts; it's synergy. The elders have encouraged 100% participation. Imagine what incredible things could happen if all of us work together! It's preparing for Northside's future and it's not too late to choose a role. For those with physical limitations, there's a Prayer Team so that you may participate with comfortable ease; prayer is a vital role. If you haven't made a ministry choice, forms are at the Welcome Center. Questions? See Stan Cunningham or Jason Hooper.

**Teams Needing Leaders
Could One Be Yours?**

- Custodial
- Flooring
- Wednesday Night Meals

HAPPENING NOW...

- ⇒ The NEW MEMBERS team has already kicked into high gear sending hand-written welcomes, taking pictures which they plan to publish on Northside's website, and planning welcome events. Thanks to team leaders Rodney and Angela Evans for a great job.
- ⇒ ROOM IN THE INN needs more volunteers. The team hopes to expand to have an *Emergency Room in the Inn*. They have already organized and upgraded their storage room. Thanks to team leader Faye Sesler for all you do.
- ⇒ Thanks to Paul Oakley for upgrading the SOCIAL MEDIA Facebook page to non-profit status which allows donations through the site.
- ⇒ The FRIENDS AND HEIRLOOMS COMMUNITY CLASSES team has already scheduled two 2019 class series and has others in planning stages. If you have a craft project you'd like to share, see Jean Hooper or Amy Hancock.
- ⇒ Eric Lewindowsky is busy meeting with his HVAC/PLUMBING team as they research options.
